

SOG

WORK BOOK

SPRING 2019

ABOUT SOG

When we started 32 years ago with the S1 Bowie, our philosophy was to build the best situation-ready gear for professionals and everyday users. Inspired by the knives carried by the Vietnam-era Special Forces unit, MACV-SOG, the S1 drew its inspiration from the people who carried it. When it hit the market in 1986, it sold out. That's when we knew we had to keep going. We followed it up with knives like the SCUBA and Trident fixed blades, designed for the same elite military users we drew inspiration from.

We didn't stop there, and we set our sights on bringing the same quality of tools to more users.

We went into folding knives, then multi-tools, illumination, and packs. And we're still looking for opportunities, and always aiming to create the best gear possible for whatever situation you may encounter.

Sometimes that situation is realizing you need to strip some wires. Other times it means prepping a campsite in dark. And yet other times it means cutting away clothing in an emergency situation. The world throws a lot of curveballs every day and it's not going to wait for us to be ready. Perpetration, planning, and anticipation are what we arm ourselves with each day. And it's what guides our designs, to make the gear that enables you to tackle anything life throws your way.

A lot may have changed since the 80's. But our philosophy hasn't. Stay ready.

MULTI-TOOLS

SOG Multi-tools embody our drive to make gear that allows user to be well equipped with the right tools for the job. We pack an optimal number of components into each of our multi-tools, optimized for the mission in hand.

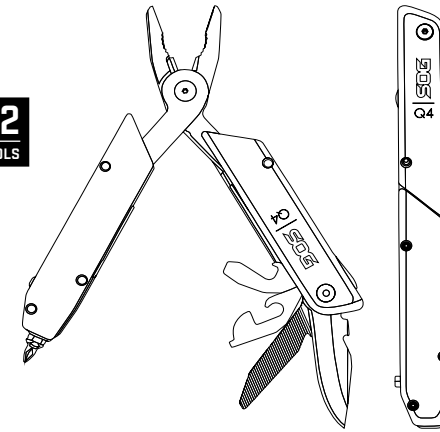

With industry-leading innovations, like Compound Leverage that ensures a smooth opening and superior gripping strength, we aim to provide multitools that deliver not only in practical utility, but in performance also. Like our SYNC line that can easily be worn as a belt buckle, or our Batons designed for sleek and understated urban carry.

However you work, however you carry, SOG has a multi-tool to suit your mission.

LIGHTING

You might be stuck out late, or dusk creeps up on you just a little too quickly, whatever the circumstance make sure you're never caught in the dark.

SOG's Dark Energy lights cover a diverse range of lumens, battery types, and sizes. Whether you need some light on your car's undercarriage or to brighten a subterranean cavern, Dark Energy brings the light. After all, we wouldn't be very situation-ready if we didn't anticipate you working in the dark.

NOTES:

FOLDING KNIVES

Right next to your phone, keys, and wallet, your folding knife is something that's constantly by your side. Your folder is the most important EDC you can have, that's why we design our knives for everyday use, not for collecting dust. Even our elegant knives like the Kiku folders are built for taking on the toughest jobs you can throw at them. While our simpler knives, like the Fielder, have options like assisted opening.

When it comes to folding knives, SOG aims to deliver a wide selection of folders to make you situation-ready, for whatever that situation may be.

KEYCHAIN TOOLS

We get it, you can't take a 7 inch Bowie Knife or an automatic opener everywhere. But you know how to make the most of even the smallest tools. That's what keychain tools are all about. Small, under the radar, but reliable. Whether it's a knife for your keychain or a multi-tool in your coin pocket, keychain tools are designed to give you as much capability in as little a package as possible.

FIXED BLADES

Our heritage begins with the fixed blade, the classic SOG Bowie Knife inspired by the Special Forces of Vietnam. In the 32 years since then, we've continued to make fixed blades for professionals both in and outside the military. We make our knives to be reliable and durable, and covered by a lifetime warranty. Heck, send them to us if you just want them sharpened. No matter who you are, whether you're the adventure-seeking outdoorsman, or the seasoned first responder, SOG has a fixed blade for you.

GEAR

Not every problem can be solved with a small hand-held tool, that's why SOG also makes a variety of lightweight and highly functional tools, including axes, saws with swappable blades, machetes for every path clearing occasion and the humble, yet essential, Entrenching Tool.

We even make some gear just for the fun of it, with our Throwing Hawks and Knives, so after you've dug your trench latrine, chopped some kindling, and cut a path, you can hone your skills on hitting the bullseye.

NOTES:

GENERAL TERMS AND CONDITIONS FOR SOG WHOLESALE ACCOUNT

Sales Policy

All SOG® and Tool Logic® products purchased at wholesale pricing must be sold under the terms and conditions set forth below. Publication and distribution of SOG and Tool Logic catalogs and/or price lists do not constitute an offer to sell.

Prices

Prices are subject to change without notice. All orders received by SOG will be deemed to be submitted at “prices in effect” upon receipt of order.

Qualifications

1. Customers are required to have a storefront, mail order catalog, or online presence.
2. Customers must provide completed and signed dealer application, copy of business license, and state tax ID#.
3. A minimum opening order of \$500 must be submitted with dealer application.
4. Customers must meet price level qualifications to maintain given price level.

Terms

Decisions concerning the extension of credit terms are made by SOG at its sole discretion. We will require a copy of your business license state tax ID# and a completed application for approval (this includes credit card accounts). Accounts that satisfy SOG’s credit criteria may purchase products from SOG on a 2% 10/net 30 day basis from invoice date. Shipments refused for any reason will be assessed a charge equal to the return shipment fee. Returned checks are subject to a \$25 surcharge. Past due balances are subject to a service charge of 2% per month.

Freight

All orders will ship Wisconsin via UPS insured ground service unless otherwise specified. SOG reserves the right to choose the most economical carrier on larger shipments. The purchaser shall assume the risk of loss for all freight collect shipments (or shipments where you secure your own insurance policy) upon leaving our facility. Prepaid freight is available for certain price levels and minimum orders – consult your pricing level outline for details.

Shortages

Claims against the seller for shortages must be communicated directly to SOG within 5 days of the arrival of the shipment.

Back Orders

Items not in stock at time of order will be placed on back order. Back orders will remain open until shipped or cancelled.

Reselling

Accounts buying on the Wholesale, Direct 6, or Direct 10 may only sell SOG Products to end consumers and shall not engage in selling SOG Products to other retailers or wholesalers authorized or not. SOG distributors must have an in-force SOG Distribution Agreement in order to re-sell at wholesale.

General Warranty

All SOG and Tool Logic products carry a lifetime guarantee against defects in workmanship and materials. This guarantee is voided by misuse, abuse, improper maintenance, or alterations of the product and does not cover any normal wear that might occur. All warranty claims should be directed to SOG. Only SOG is authorized to replace or repair a defective product. SOG must first examine the product to determine whether to repair or replace it. Retailers are not authorized to exchange product and must contact SOG for warranty authorization or send the customer directly to SOG for resolution. U.S. claims should be sent prepaid and insured. SOG reserves the right to repair or replace product at our discretion. For more information on SOG warranty see: <http://www.sogknives.com/warranty-info.html>.

Return Goods Policy

A valid SOG return authorization number must be obtained prior to returning goods. All returned or refused goods are subject to a 15% restocking fee. Freight on all returns must be prepaid; products must be inline, include original packaging, free of stickers or labels, and not damaged. SOG will issue a credit memo – for net costs of goods less restocking fee – to be applied to future purchases only.

Automatic Knives

SOG automatic knives will only be shipped to dealers or other legal entities that sign and return the Automatic Release Form stating that they are in compliance with the required Federal statutes.

ONLINE 3P POLICY AMENDMENT Effective August 1, 2018

SOG manages its products distribution in 3P marketplace channels via the following policy:

SOG will not allow any unauthorized entity to sell our products on the Amazon, Walmart.com and Jet.com 3P platforms.

Authorization is conferred via written permission from the SOG VP of Sales and must be renewed annually.

We will take the following actions when discovering unauthorized sellers:

- First violation: written warning
- Second violation: 60 days on SOGs DNS (Do Not Sell) list
- Third violation: permanently placed on DNS list

MINIMUM ADVERTISED PRICE (“MAP”) POLICY Effective April 1, 2014

In order to enhance and preserve its reputation for providing customers with high value products and to further enhance the SOG® brand image and its competitiveness in the marketplace, SOG Specialty Knives and Tools, LLC (“SOG”) is unilaterally instituting a policy of minimum advertised price standards for SOG brand products. This Minimum Advertised Pricing Policy (“MAP Policy”) shall be effective April 1, 2014 and shall remain in effect until amended or withdrawn by SOG in writing. This policy supersedes and replaces all prior MAP pricing policies applicable to SOG products. It applies to all dealers, distributors, retailers, and other resellers, including catalog and internet resellers (collectively, “Resellers”), who resell SOG products to end users located in the United States.

SOG greatly values the efforts of all Resellers to distribute SOG products in support of our customers and consumers. This MAP Policy is adopted for the benefit of all Resellers and will be uniformly enforced. This MAP Policy shall work under the following guidelines:

1. Each Reseller selling SOG products remains free to establish its own resale prices and promotions; however, SOG may, without assuming any liability, refuse to sell, either directly or through distribution, to any Reseller following verification by SOG to its sole satisfaction that the Reseller has violated this MAP Policy.
2. Each Reseller of SOG products is free to independently decide whether or not to follow this Policy. SOG does not ask for nor will it accept any assurance of compliance or agreement from a Reseller regarding this Policy, nor will SOG discuss any conditions of acceptance related to this Policy. Notwithstanding anything to the contrary which may be expressed or implied in or by one or more agreements between the Reseller and SOG (including without limitation any Reseller agreement), nothing in those agreements shall constitute an agreement by the Reseller to comply with this Policy.
3. This MAP policy does not establish maximum advertised prices. All resellers may offer SOG products at any price in excess of the MAP established for such products.
4. SOG will, from time to time, publish Minimum Advertised Price Schedule (“MAP Schedule”) for some or all of its products as part, or in concert with, the publication of updated price lists, catalogs, or other selling materials which may be distributed in physical form, electronically, or on its website. MAP Schedules will identify the products, effective date, and specific MAP Prices for products covered under this MAP Policy. Each advertisement of a product identified in the MAP Schedule at a price below the specified MAP Price listed will be a violation of this MAP Policy. Products without MAP Prices specified in the MAP Schedule are not subject to this MAP Policy. The initial MAP Schedule is distributed along with this document.
5. This MAP Policy applies to all advertisements of SOG products listed on the MAP Schedule in any and all media, including, but not limited to, flyers, posters, coupons, mailers, inserts, newspapers, magazines, catalogs, mail order catalogs, e-mail newsletters, e-mail solicitations, internet or similar electronic media, television, radio, and public signage. This MAP Policy is not applicable to any in-store advertising that is displayed only in the store and not distributed to any customer(s).
6. The inclusion in advertising of free or discounted products (whether made by SOG or another manufacturer) with a product covered by this MAP Policy would be contrary to this MAP Policy if it has the effect of discounting the advertised price of the covered SOG product more below the specified MAP Price.
7. If advertised pricing is displayed, any alteration, strike-through or discount which is paired with an allowable price that results in a discounted advertised price below the MAP Price is prohibited.
8. This MAP Policy applies only to advertised prices and does not apply to the price at which SOG products are actually sold or offered for sale to an individual consumer within Resellers’ retail location or over the telephone. Resellers may sell these products at any prices they choose under these circumstances without violating this MAP Policy.
9. Internet auctions may not display or have reserved bid or other acceptable prices below the MAP Price.
10. Pricing listed on an internet site is considered an “advertised price” and must adhere to this MAP Policy. Once the pricing is associated with an intent to purchase (added to shopping cart or order), the price becomes the selling price and is not bound by this MAP Policy. Statements such as “add to basket to see price”, “we will match any price”, “call for price” or phrases of similar import are acceptable as long as the price advertised or listed for the products is not below the MAP Price. In addition, discounts applied at checkout to the entire order based on a customer’s purchasing history with the Reseller, such as discounts for “frequent shoppers”, do not violate this MAP Policy.
11. From time to time, SOG may choose to offer special promotions on certain products. In such an event, SOG reserves the right to modify or suspend this MAP Policy in whole or in part by notifying all Resellers of the duration and nature of the change. SOG further reserves the right to adjust the MAP Prices with respect to all or certain products at its sole discretion. Such changes shall apply equally to all Resellers.
12. Intentional failure to abide by this MAP Policy will result in sanctions unilaterally imposed by SOG. The level of sanctions will be determined by SOG in its sole discretion. SOG does not intend to do business with Resellers who degrade the image of SOG and its products. SOG may choose to, but need not provide prior notice or issue warnings before taking any action under this MAP Policy.
13. Distributors of SOG products will supply a copy of this MAP Policy to any new or existing Reseller for their records and/or make this available to them via website location or link.
14. This MAP Policy is solely within SOG’ discretion and may be delivered to Resellers directly by SOG and its representative or via authorized SOG Distributors. As this is a Policy between SOG and the Reseller, SOG representatives and Distributors are not authorized to make any representations, give any explanations, or otherwise communicate with Resellers about the Policy. No employee or sales representative of SOG has any authority to discuss, modify or grant exceptions to this MAP Policy. Any representation or action by any employee, sales representative or persons not specifically authorized to discuss, modify or grant exceptions to this MAP Policy under this paragraph is unauthorized and invalid. SOG does not request, and in fact discourages, any complaints by Distributors, Resellers or customers as to perceived violations of this Policy by other Resellers or Distributors. All questions about this MAP Policy should be in writing and directed via U.S. Mail to MAP Policy Administrator, SOG Specialty Knives and Tools, LLC, 6521 212th Street SW, Lynnwood, WA 98036 or via e-mail to MAPAdministrator@sogknives.com who will respond only in writing. No oral communications about this MAP Policy are authorized. The MAP Policy Administrator shall be solely responsible for determining whether a violation of the policy has occurred and for communicating decisions to Resellers regarding the policy and receiving any communications regarding sanctions imposed under this MAP Policy. Any action taken by SOG under this MAP Policy shall be without liability to SOG. This Policy is subject to change at any time by SOG in its discretion.
15. The terms of this MAP Policy are confidential and should not be disclosed to other parties. This MAP Policy has been established by SOG to help ensure the legacy of SOG as a leading brand of high performance, high quality products and to protect the reputation of its name and products. This MAP Policy is also designed to support SOG customers and consumers, and to ensure that Resellers and Distributors have the confidence and incentive to invest resources into building their business with the SOG brand.
